Credit Policy

All shipments are billed in US Dollars and must be paid in US Dollars. Our regular terms are Net 30 days from the invoice date.

Here is our Net 30 Policy/Program:

1. If an invoice becomes 10 days past due, the account may be placed on credit hold. Placing an account on credit hold restricts the shipment of orders.
2. When an invoice becomes 15 days past due, we reserve the option to apply a 1.5% per month finance charge back to the due date of the invoice and for any 30 day period going forward in which the invoice remains unpaid. The account terms may be changed to Credit Card or Cash in Advance.
3. If an invoice becomes 30 days past due, your account may be referred to an outside collection agency unless we have jointly agreed to a payment schedule or plan.
4. When the account is referred to a collection agency, the collection charges must be repaid. Also, we re-serve the right to make the account terms Credit Card, or Cash in Advance.
5. Any discounts received on a delinquent invoice may be revoked and expected to be paid. HPC reserves the right to discontinue future discounts.

CREDIT CARD POLICY:

We accept Visa, MasterCard, Discover & American Express

If you use a credit card, your credit card will receive a pre-authorization for the dollar amount of the product ordered which generally occurs within one business day of HPC receiving your Purchase Order. This amount is shown as pending on your credit card account until the order is actually shipped. In the preauthorization stage, HPC has not received funds but they will be set aside from your available credit on your card. When your order ships, HPC post authorizes the invoice amount which includes product and shipping. This process moves the pending transaction for the amount of the product and finalizes the transaction for the invoice amount which includes shipping. All credit card transactions will be charged a 3% fee.

If you EVER have a temporary problem or we have made a mistake on an invoice, PLEASE CALL US IMMEDIATELY TO DISCUSS AND RESOLVE THE PROBLEM.

Minimum Advertised Pricing Policy (MAP)

Hearth Products Controls Co. (the "Company") unilaterally applies this Internet Minimum Advertised Pricing Policy ("Policy"). This Policy is subject to change at any time by the Company at its sole discretion.

1. PURPOSE: The purpose of this policy is to protect the value of the Company's trademarks and brand names and to attract and retain reputable, customer-friendly Internet resellers.

2 SCOPE: This Policy is applicable to all sellers of the Company's products (the "Products") who advertise or sell Products on any Internet platform ("Resellers") and to distributors ("Distributors") that sell to such Resellers. This Policy applies to all Products of the Company unless otherwise specified by the Company. The Policy applies only to prices advertised anywhere on the Internet or by means of the Internet (including but not limited to websites, social media, direct e-mail advertising, and related materials that are accessible through the Internet platform by means of a hyperlink). The Policy does not apply to print advertising or in-store advertising for Products to be sold at a physical store but does apply to all advertising for sales to be made over or by means of the Internet. This Policy does not apply to the price at which the Products are actually sold. Nothing in the Policy or other agreement with the Company will constitute an agreement on the price or price levels at which Resellers or Distributors actually sell any Product.

3 INTERNET MINIMUM ADVERTISED PRICE: The Internet advertised price of a Product means the net price advertised on the Internet after all discounts, rebates, gifts or promotional items. The Internet Minimum Advertised Price ("IMAP") shall be set by the Company from time to time in its sole discretion and shall be communicated by the Company to the Resellers from time to time. If the Company makes the IMAP available on a website accessible to the Reseller and informs Reseller of this, it is the responsibility of the Reseller to maintain current knowledge of the IMAP.

4 POLICY ON INTERNET PRICE ADVERTISING: It is the policy of the Company that Resellers shall not advertise any Company Product on the Internet at prices below the IMAP for that Product established by the Company. This policy is not violated by Reseller advertising a higher price. Also, this policy is not violated by communication by email or telephone to an individual customer in response to a telephone or email inquiry from the customer. Statements on a website such as "call for pricing" for a Product do not violate the Policy as long as a price for the Product is provided on the same website and that price is equal to or exceeds the IMAP. Also, it is a violation of this Policy for the Reseller to characterize or disclose any pricing as the Internet minimum advertised price or that such minimum is based on the Company's policies. Resellers and Distributors have not agreed to this unilateral Policy and the Company is not seeking any such agreement. However, if a Reseller or a Distributor violates this Policy, the Company's policy is to take certain unilateral actions.

5 ACTIONS BY THE COMPANY: The Company has the right to sell Products to each Reseller or Distributor or to refrain or stop from doing in its discretion for any reason or for no reason. Under this Policy, if Reseller advertises Products on the Internet below the IMAP or otherwise violates this Policy, the Company may cease selling or shipping Products to Reseller or its customers and/or cease taking orders from Reseller for a temporary or permanent period in the Company's discretion, which may take into account circumstances such as the number of violations or the repetition of violations. Also, if a Distributor sells Product to any Reseller that violates this Policy, the Distributor will be in violation of the Policy and the Company may cease selling or shipping Products to that Distributor or its customers and/or cease taking orders from that Distributor for a temporary or permanent period in the Company's discretion, which may take into account circumstances such as the number of violations or the repetition of violations. The Company will take these actions unilaterally and will not seek or accept any agreement by a Reseller or a Distributor or any assurance of future compliance by that Reseller or Distributor.

6 CONTACT INFORMATION: Company sales personnel have no authority to modify or grant exceptions to this Policy. All questions or comments regarding this Policy should be directed to the policy administrator at info@hpcfire.com.

Signing below means you have read and understand this policy.
